COUNCIL CONSIDERS MANY APPLICATIONS FOR PERMITS

The regular meeting of the town council on Monday night was attended by Mayor Macleod, Councillors J. A. McDonald, W. Patterson, A. E. Ferguson and Evan Morgan, and Secretary Wright.

The minutes of previous regular meeting were approved as read and a number of accounts were passed for payment.

Application of Chief Spence for a two-weeks leave of absence was considered favorably.

Application of C. H. Cheratte for water connection at his slaughterhouse property near York Creek, was left with committee to consider. Mr. Cheratte recently purchased the property from Mrs. S. H. Kistruck, and besides fitting up a modern slaughterhouse, proposes to erect two dwelling houses on the property.

Quite a number of applications for permission to build or remodel buildings were given consideration.

Council decided to spend some money on the grade of State Street west, also to make a better grade on the hill leading to the cemetery.

"BIG GAME" PLENTIFUL

AROUND BLAIRMORE HILLS
Messrs. Bond and Johnson report big game very plentiful along the south face of Goat Mountain, particularly goat.

One day last week they succeeded in landing one of the species, but found after returning to town that their prize had been very much domesticated and was a valued pet milker belonging to Mr. Tony Rota, who in turn placed a valuation of \$25 on the lost animal.

So live that you need never ask the editor to leave out the story.

MASONS TO CONVENE HERE

The annual district meeting of representatives of the various Masonic lodges in District No. 8, will be held in Blairmore on Wednesday, October 8th.

It is expected that in the neighborhood of 250 delegates will be in attendance, including M. W. Bro. Horace P. Reid, of Edmonton, Grand Master; and M. W. Bro. S. Y. Taylor, of Calgary, Grand Secretary.

District 8 comprises the following lodges: Alberta No. 3, Macleod; Spitzie No. 6, Pincher Creek; Sentinel No. 26, Hillcrest; Summit No. 30, Coleman; Chinook No. 47, Cowley; and Rocky Mountain No. 86, Blairmore.

The session will open at 2.30 p.m. and will close on or about 9.15 p.m., to be followed by a banquet to be served at the opera house.

STAR BAKERY OPENS

The Star Bakery, one of the best equipped baking establishments in Southern Alberta, opened up this morning in the building two doors east of The Enterprise.

The enterprising proprietor, Mr. H. Nissen, has seen to it that only the very best ovens and other equipment went to make up his establishment, which is a real asset to the town and district and demanding of public support.

In addition to the bake shop, where breads, cakes and pastries of every description are to be manufactured, Mr. Nissen has a well-equipped ice cream parlor, and a general stock of high-class confections, fruits, etc., is carried.

Mr. Nissen was, until very recently, employed with the Bellevue Bakery at Bellevue.

BELLEVUE SCENE OF HOLDUP

While returning to his home at Bellevue on Saturday night last, Mr. Gilbert Cousens was set upon by some unknown party or parties, was hit over the head with a heavy weapon and left unconscious by the roadside. Some little time after, he was discovered by a passer by and medical aid was summoned. Several stitches were necessary to close up the wound on his head and for nearly twenty-four hours afterwards the victim remained in a state of semi-consciousness.

A small sum of money carried in his pockets is missing.

The police are on the trail of the culprit and it is earnestly hoped they will succeed in landing the guilty one where he will receive in full his just deserts.

GOLF — MIXED

FOUR-BALL FOURSOMES

A match of mixed four-ball foursomes will be held on the local golf course on Saturday, starting promptly at 2 p.m. Eighteen holes against par, the best ball of each individual handicap counting. Choose your own partners.

At the regular convention of Greenhill Temple, Pythian Sisters, on Friday night last, Mr. and Mrs. Arthur Ennis came in for an unexpected surprise, when they were presented with a beautiful mantel clock. The presentation speech was made in a fitting manner by Bro. F. Wright, who after conducting a careful trial found Mr. and Mrs. Ennis "guilty of conduct becoming Pythians" in that they had recently enrolled with the vast and noble army of benefactors. Following the presentation, refreshments were served and a social hour was spent.

Mr. McCallum, of Edmonton, Grand Patriarch of the Grand Encampment of Alberta, I.O.O.F., advises that he will pay an official visit to Crow's Nest Encampment and Armistice Encampment on or about October 22nd.

ANGLICANS LIKELY TO BUILD IN BLAIRMORE

Rev. A. W. Neal, who for the past year and a half has been in charge of proposed Anglican missionary work in Blairmore and Coleman, left Sunday night for Winnipeg, where he will spend several months in college.

Mr. Neal will later return to this district and hopes immediately to undertake the building of a church in Blairmore. The money for the work is practically all in sight, as soon as the sum of \$1500 can be raised by the local congregation. A site for the edifice has been set aside by the Coal Company to be given free together with a substantial money grant.

The local Rebekahs observed the anniversary of the founding of the Rebekah Degree by holding an Anniversary and Thanksgiving service in their hall on Thursday night last, at which a number of members from Coleman attended.

MR. A. HAMILTON LEAVES BLAIRMORE FOR NEW FIELD

General regret is expressed at the departure from Blairmore of Mr. and Mrs. Allan Hamilton and more and Coleman, left Sunday night family, who are leaving shortly to take up residence in the northern part of the province. During the past few years Mr. Hamilton has been a most energetic member of the local board of school trustees and a teacher in the Union Sunday school. For a number of years he has held an official position with the West Canadian Collieries Greenhill mine.

Mrs. Cobbletick, aged 60, widow of the late Rev. G. H. Cobbletick, who met death in an auto accident their hall on Thursday night last, at near Calgary about two years ago, met death by drowning near Edmonton on Sunday morning.

BENEFIT FROM TAILLAC LASTING, HE ASSERTS

Ontario Man Says It Put Him In Such Fine Condition Two Years Ago, He Hasn't Needed Any Medicine Since.

"Well, sir, it looked like I was going to have to give up my job, but Taillac kept me on the payroll and, of course, I'm strong for it." Is the striking statement of Wm. Cranker, 41, 101 St. Louis St., Brockville, Ont., who for 20 years past has been employed by the Canadian National railway.

"My stomach went wrong 10 years ago and then I gradually got out of it in lots of ways. I couldn't eat or sleep to do any good for nervousness

and indigestion, and hid got to where I simply had to drag myself to the railroad yards in the mornings.

"I could feel the good effects of my very first few doses of Taillac clean to my finger-tips. This was two years ago and three bottles put me in such good shape that I have not had to spend a cent for medicine since. I eat and sleep fine, never miss a day's work any more and feel fine. You just can't beat Taillac."

Taillac is for sale by all good druggists. Accept no substitute. Over 40 Million bottles sold.

Taillac Vegetable Pills for constipation, made and recommended by the manufacturers of TAILLAC.

Rapid Growth Of Province

Saskatchewan Has Sprung From Bald Prairie in Comparatively Few Years

The rapidity with which Saskatchewan has sprung from bald prairie to a province with a population of 800,000 people is more often spoken of than realized.

A proper sense of the shortness of time in which this province has been developed cannot be conveyed by merely quoting data. One has to speak in terms of human lives to get the idea over.

A gentleman is still living in the Summerby district who came to what is now Saskatchewan in the early days of settlement here and broke land at Maple Creek. One day the Governor of the Territories visited his farm.

"You have the finest looking piece of ploughed land I have seen since leaving Portage la Prairie," said the Governor.

"Would you mind telling me how many ploughed fields you have seen since leaving Portage?" asked the pioneer.

"Three," answered the Governor. "There's something for the imagination of the younger generation to play with."

When this gentleman came west he was old enough to be a member of the Mounted Police—and he is not an octogenarian now.

All except these three ploughed fields between Portage and Maple Creek has happened since he came to Saskatchewan.—*Regina Daily Post.*

In the days of pioneer life the farmers were so disposed to drinking away their time in the saloons that they were unable to do any thing in the infected field.

WORLD HAPPENINGS BRIEFLY TOLD

Edward Fairbanks, 74, well-known citizen of Ottawa for 20 years and a former member of the Manitoba Legislature, died Sept. 14.

Payment of salaries in force prior to the strike this summer and restoration to official positions of about forty strikers, created a jubilant feeling among postal workers in Toronto.

Rumors are current of an early announcement by a Dominion domestic loan, possibly of \$100,000,000, to meet maturing Victory bonds and to take up treasury bills. The interest rate will probably be 4 1/2 per cent.

President Coolidge issued the order which retired General John J. Pershing from active service with the army, and at the same time extended to him "the thanks of the nation for his eminent services."

Arthur J. Davis, Superintendent of the Anti-Saloon League, New York, in a statement issued, charges foreign liquor interests with having formed a conspiracy to influence the coming United States presidential election.

Nearly two hundred adult black bass were recently placed in Ministick Lake, in the Elk Island Park and Game Sanctuary near Edmonton, for the propagation and ultimate distribution of this game fish in other suitable lakes of Alberta.

The output of coal from Canadian mines in 1923, says a Government report just issued, was 16,990,571 short tons, as compared with 15,157,421 tons in 1922, an increase of 12 per cent.

Alberta still leads the other provinces in coal production.

Special excursion rates to Eastern Canada, the Pacific coast and certain points in the United States, to prevail during the coming winter, where authorized, to correspond with those in effect last year, at a meeting of the Canadian Passenger Association, western lines.

Asthma is Torture. No one who hasn't gasped for breath in the power of asthma knows what such suffering is. Thousands do know, however, from experience how immeasurable is the relief provided by that marvelous preparation, Dr. J. D. Kellogg's Asthma Remedy. For years it has been relieving the most severe cases. If you are a sufferer do not delay a day in securing this remedy from your druggist.

Food Prices Higher

Fractional Increase in Prices Is Noted in Various Commodities

The index number of wholesale prices, constructed by Professor H. H. Mitchell, of McMaster University, declined fractionally in August from 175.8 at the end of July to 175.5 at the end of August. This compares with 175.4 in August, 1922, and 175.4 in August, 1921.

The index of the 20 foodstuffs included advanced from 183.8 at the end of July to 185.3 at the end of August. This compares with 183.6 in August, 1922, and 183.6 in August, 1921.

Pork, bacon, lard, butter, cheese, oatmeal, eggs and sugar rose, while beef, mutton, potatoes and currants fell.

The index for the 20 manufacturers' goods declined from 167.4 at the end of July to 165.8 at the end of August.

The index number published last month has been revised from 179.0 to 178.6.

Profits From Wheat Pool

Alberta Wheat Pool officials claim that farmers who joined the co-operative marketing organization received \$2,000,000 more for their 1923 crop than they would have received through independent marketing methods. The pool actually handled 34,192,805 bushels of wheat during the first pool year.

Worms sap the strength and undermine the vitality of children. Strengthen them by using Mother Graves' Worm Expeller to drive out the parasites.

Most Prosperous People

During a recent visit to Ottawa, Hon. P. C. Laing, High Commissioner for Canada in London, England, stated in the course of an interview by newspaper men that in his opinion Canada was less dependent upon the rest of the world than any other country. No people in the world were more prosperous.

Dr. Edwin E. Sloan, Director of Science Service, says that the physical, through chemical knowledge, is growing more and more able to restore natural substances into the body, instead of giving doses of foreign substances.

The so-called "laziness" of inhabitants of tropical countries is actually a disease, a medical expert says.

For Cures and Warts—Minard's Liniment

W. N. U. 1548

Passing Of a Pioneer

Was a Famous Hunter and Trader of the Great Company

Alexis J. Desperance, Taboulaire, colon of French aristocracy, courier du bois and follower of Louis Riel, passed away recently at Willow Bunch, Sask. Of this going of another notable of the thinning band who were eyewitnesses of Canada's wilder days, "The Winnipeg Tribune" says:

"He was a hunter and a trader of the Great Company—one of those who tracked out the paths later followed by the railways. He went to his rest on Sept. 5, having received the last rites, at the age of 78. Without education, he possessed a mind of great intellectual capacity and a natural polish and refinement, as befitting a man descended from the best blood of old France.

"To speak more particularly of Alex would be to write a history of the principal events of Riel River at that time. He, as others, traversed the plains to the Missouri, Idaho, the Rockies and the far north. He spoke the languages of all those Indian tribes. Two little details are given to the Metis as a factor in preserving this land to the British crown—Free Press.

Rub It in for Lane Back—A brick rubbing with Dr. Thomas' Eucalypti Oil will relieve lame back. The skin will immediately absorb the oil and it will penetrate its tissues and bring speedy relief. Try it and be convinced. As the liniment sinks in, the pain comes out and there are ample grounds for saying that it is an excellent article.

Canada's Crop Prospects

Manitoba Crop Much Heavier Than Last Year

Canada's wheat crop this year is estimated to total 261,000,000 bushels, of which it is expected 267,177,000 bushels will be produced in the province of Manitoba, Saskatchewan and Alberta. Manitoba's wheat crop is estimated at about eleven million bushels more than last year, but there is a falling off in Saskatchewan and Alberta, where last year's crops were the greatest on record.

It is expected that the increases in price which will be realized by farmers the year coming in with the lesser cost of handling crops of moderate volume, will make the 1924 crop almost, if not quite, as profitable to the farmer as the record-breaking crop of 1923. In many individual cases this year's crop will actually be more profitable than last year's.

Let Hot Water Dissolve Your Corns

To quickly and sore, aching corns the most distressing of the hot foot troubles, and a few applications of Putnam's Corn Extractor. Put all directions on each package. They were just too busy to have anything to do with that little pinkish party who announced so pompously from the material point of view. Mary and Joseph were obviously lacking in riches, and could not afford to be so crowded. And so Christ was literally crowded out of the manger and the stall.

Putnam's Corn Extractor

New Brands Of Wheat

Experiments Being Made To Prove the Value of Two New Types

Experiments are being conducted in the west this season with two new brands of wheat, both of them of earlier maturity than Marquis. One is the Howard type and the other known as "Carnegie." While not yet ready, they are designed to mature before the rest season comes on. The plots were bred at the Central Experimental Farm at Ottawa and the seed was given to the farmers in the west. If the promising results are finally attained the new wheat may revolutionize production.

Boys and girls today are better in health, intelligence and physical strength than in any previous generation, says an English doctor.

IF TROUBLED WITH DIARRHOEA You Should Use

Dr. Fowlers EXT-OF WILD STRAWBERRY

It Will Give You PROMPT RELIEF

SUNDAY SCHOOL LESSON

SEPTEMBER 23

REVIEW: OPENING PERIOD OF CHRIST'S MINISTRY

Golden Text: For God so loved the world, that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have eternal life. John 3:16

Devotional Reading: Isaiah 53:1-12

A Lesson from the Manger Birthplace.—And there were shepherds in the country, abiding in the field and keeping watch by night over their flock; surely there is no one who could think this beautiful story of the birth of the shepherds, the little Christ Child, sent, thither by the message: "Behold I bring you good tidings of great joy which shall be to all people: for there is born to you this day in the city of David a Savior, who is Christ the Lord."

The shepherds found the Babe lying in a manger, because there was no room for him in the inn. How came it that the people of the manger should be so poor? They were just too busy to have anything to do with that little pinkish party who announced so pompously from the material point of view. Mary and Joseph were obviously lacking in riches, and could not afford to be so crowded. And so Christ was literally crowded out of the manger and the stall.

"And without any doubt, it is just because we are too busy to have anything to do with that little pinkish party who announced so pompously from the material point of view. Mary and Joseph were obviously lacking in riches, and could not afford to be so crowded. And so Christ was literally crowded out of the manger and the stall."

Every chamber of the soul is so filled with human interests that there is little room for Christ. There is little vital interest in Him. There is little, if any, time for Him. And this is the reason why we are so crowded by a thousand other things, your interest is drawn off in a thousand directions, and your mind is crowded to the full with possessions and pleasures, until, strange though it seems, there is no room for the Savior except in the stable.

Minard's Liniment for Dandruff

Washington To Have Mormon Chapel

A Mormon chapel is to be erected in Washington on one of the most conspicuous sites of the aristocratic sections of the capital. It is said the building will be of classic design and of considerable dimensions, in keeping with the fine buildings in the locality. The Mormons have long been anxious to obtain a footing in the United States capital.

Furs From Far North

More than one hundred and fifty traders from the far north arrived at Edmonton recently bringing with them fur sales to the value of approximately \$500,000.

Minard's Liniment for Sprains and Bruises

Skill Of Australian Trackers

Native Quickly Discovers Thief Who Stole Wedding Ring

An interesting example of the skill of Australian aborigines in tracking human beings is shown from Darwin in northern territory. While a wedding was being held they suddenly discovered that the bride's valuable diamond engagement ring had been stolen.

The wedding was suspended when the police sought a native aborigine tracker, who immediately started an aboriginal had been in the room. Shortly afterward he noised out from a crowd an aboriginal in whom he pocketed the ring and found.

Frederick the Great of Prussia was governed in his military operations by astrologers, and always waited until they had indicated the "lucky day" for a fight.

PAPYRUS PAPER BACK AGAIN

Papyrus is to be made again from the papyrus plant. Two thousand years ago papyrus was the world's principal writing material, and it was from the name papyrus that we obtained our word paper.

Papyrus is a reed growing on marshy river banks. It abounds in Abyssinia, and the valley of the Upper Nile, as well as in Palestine.

Now mills are being built in Zululand and other parts of Africa to utilize papyrus, and though the paper made from it will not be the same as used by the ancients, says the Publishers' Weekly, it is interesting to think of papyrus being revived for its old purpose.

Nowadays the pith is taken and pulped and paper is made from it in the same way as from wood pulp; but in olden times the triangular stem was split lengthwise into thin layers, which were subjected to great pressure, when they adhered and became one sheet. This was dried in the sun, and various sheets were joined together to form a long roll, sometimes 60 feet long.

Round Lake Chad and in the Congo region are thousands of acres of papyrus and the Belgians are trying to found a papyrus industry at Eliza-beville. A factory has actually been built by Norwegians at Umfolesi, Zululand.

THIRTY FIVE MILLIONS

THROWN AWAY

Penny wise and pound foolish.

The Bond Dealers' Association of Canada has made an estimate of the amount of money Canadians parted with, willingly enough apparently, to swindle, and without "investment" of one kind and another during 1923.

The estimate is just \$35,000,000, according to the Contract Record and Engineering Review.

Think what this would mean if spent wisely and safely! How many bridges it would build! How many big office buildings! How many miles of highway! The biggest power installation under way in the world this year—\$40,000,000 horsepower, in Quebec—could be financed by this sum of money that people of Canada throw away so thoughtlessly.

It is a strange fact that the ordinary individual will plunk and scrape half a lifetime to accumulate a few hundred or thousand dollars and will then hand his savings over without hesitation to some smooth tongue-dar who tells a plausible story of large interest and returns.

GETS BACK LIFE WHEN HEART MASSAGED

LONDON, Sept. 22.—The Westminster Hospital is able to vouch for a wonderful operation by which a man was restored to life after his heart had stopped beating. Although this is not the first instance of a person being restored to life by massaging the heart the hospital authorities say that in almost all such cases the subject has died immediately after resuscitation. But in the present instance the patient is looking forward to his early discharge as cured.

While being given an anesthetic in preparation for an operation the patient's heart unexpectedly stopped working. Surgeon Edwards, who was standing by, after resorting to the usual methods without avail, hastily made an incision, inserted his hand and massaged the heart, with the result that the first flicker of returning pulsation was perceived after a lapse of nearly two minutes.

THE GENT FROM FRANCE.

Last week there wheeled into British Columbia, on the Trans-Canada, a fragrant gent from France. He was dressed right up to the minute—even a little beyond the minute, in flowered waistcoat, white spats and the latest thing in cane. After fortifying himself with a little pate de foie gras at the leading hostelry, he set about his business of selling to the people of British Columbia, through the Oliver Government, a large shipment of French cognac brandy.

This gentleman's firm is one of the eighty large concerns who manufacture from the fruits of agricultural France, brandy, liqueurs, cordials and wine.

Last year, British Columbia paid out three-quarters of a million dollars to these firms for brandies, etc., generously helping to pay for the fragrant gent's waistcoat, cane and pate de foie gras.

It was a particularly generous act, because every one of those French fruit products could have been manufactured right here in British Columbia, keeping B.C. money at home, and helping B.C. farmers to dispose of that 85 per cent of their fruits which cannot profitably be shipped out in an unmanufactured state.

British Columbia and four other Canadian provinces offer a market for British Columbia wines, brandies, liqueurs and cordials. B. C. fruit farmers need the business to keep the fruit industry going.

But so long as the Department of Agriculture at Victoria is allowed to hinder and prevent rather than aid and encourage the manufacture of raw fruits into saleable products, the gent from France will continue to come and go, and revel in the luxury of white spats and pate de foie gras, while the Okanagan fruit farmer patches his own boots and wonders where the next meal is coming from.

—Vancouver Sun.

NORTHCLIFFE IN HEAVEN

Louise Owen, for 20 years secretary to the late Lord Northcliffe, claims to have had a message from her dead employer.

Northcliffe, who is supposed to have set up communication with Miss Owen through Sir Conan Doyle, told all about the clothes he is wearing in Heaven, the celestial house he has rented and a few intimate details about his finger nails.

It is all interesting.

But it is extremely probable that if Northcliffe, noticing that his former efficient secretary was dabbling in spiritualism, had anything to say to her, it would be this:

"Don't be a fool."—Vancouver Sun.

THE CHEERFUL PRINTER

On my rounds I met a printer who was always on the hop, printing loads of bills and blotters for the people near his shop. He never seemed to worry and he had a pleasant grin, with a hearty old-home welcome, when his friends came drifting in. He listened to their troubles and he passed out words of cheer, while he kept his presses busy with their orders through the year. For the folks who placed their orders when they came into his place, felt their troubles disappearing, when they saw his smiling face; and they never made a whimper at the price they had to pay—now he's got a load of bullion saved for a rainy day. So he just kept a smiling and trying hard to please and today he's resting softly on a downy bed of ease. And as I journey onward, I somehow seem to find that a heap of fun and profit comes to all the smiling kind. So I pass along this moral to those inclined to yell "That to smile instead of grumbling may produce some extra kale."—B.L.L.

Peggy—"Why don't you and your mummy go to the church that me and my mummy goes to?"

Violet—"Because we belong to a different denomination."

SUBSCRIBE TODAY!

It cost the government of the province of Alberta the salaries of two or three soft-jobbers for a day, as well as a portion of a dollar in postage, to notify a Blairmore business man that unless his arrears of seventy-two cents was paid to the Workmen's Compensation Board within seven days, legal action would follow. That measure should take about third place with the Lord's Day Act and the old Prohibition Act.

Mr. Bert Shaw spent a day during the week culling large fish from the waters of the Old Man near Burnis. Some of the fish were so large that it was necessary to make two trips to bring them all to Blairmore. He lost his hook, line and rod in one large fish that met him on a sharp curve of the river. The fish was so long and stiff that the shallow water and sharp curve made it difficult for the fish to make the bend. Swift Canadian Co. are finding a ready market for the catches brought in by Mr. Shaw.

"Pop," said little Willie, "What are ancestors?"

His father tried to explain by illustration. "I'm one of your ancestors, and your grandpa is another."

Willie pondered the matter for a minute and then floored his father with this: "But, Pop, why do folks brag about them?"

On Sunday morning last, harvest Thanksgiving service was held in the local Anglican church, Rev. Mr. Neal in charge. The church was tastefully decorated for the occasion with a profusion of grains, vegetables and fruits. During the service, Mr. Neal took occasion to review the progress that had been made in the year and a half of his pastorate, and thanked the various members of the congregation and other friends whose efforts in no small measure lent towards the success attained.

Winnipeg Telegram says:—"Why the present rage for decorating windshields of automobiles with pictures of semi-nude young ladies in bathing suits? Once similar pictures were sold surreptitiously in cigar stores, and supposed to be 'naughty.' That time has passed, together with the variety of mock-modesty that characterized it. But surely it is another extreme, and rather offensive, to flaunt such pictures in the face of every one on the streets. It is decidedly a breach of good taste, with nothing whatever to commend it."

Dad (sternly): "Where were you last night?"

Son: "Oh, just riding around with some of the boys."

Dad: "Well, tell 'em not to leave their hairpins in the car."

How to buy a Fountain Pen

Gold Tips

Among the hundreds of fountain pens on the market, you will find a pen of correct design and balance for your hand. You can select a pen that is just what you need. You can select a pen that is just what you need. You can select a pen that is just what you need.

Does it carry an ample supply of ink and the proper nib for your particular style? Is it well-balanced and of correct weight? Is it easy to hold? Does the ink flow freely and evenly? Is the pen efficient in every way? Is it made in Canada? Does it carry the name and reputation of a worthy, long established manufacturer?

Also get the best possible service and value for your money—out of all the fountain pens all the world has to offer—and the pen you will buy will be a Waterman's.

Waterman and his team have won the world's leading pen for over 60 years. It leads today!

COWLEY HAPPENINGS

Miss Crowe spent the week end in Blairmore.

Miss Martha Tustian spent Saturday in Blairmore.

Miss Helen Morrison has gone to Calgary to attend normal.

Misses Jean and Doris McEwan were Sunday visitors to Blairmore.

Elwin Tustian, of Orion, Alberta, paid a visit to his parents recently.

Miss Jean Morrison has gone to Pincher Creek to attend high school.

George Ritson was a visitor to Lethbridge the early part of the week.

David Barnett has returned from a prolonged visit to his old home at Fergus, Ontario.

On Saturday night a School Fair meeting was held to make final arrangements for the fair.

Mr. and Mrs. George Porter are receiving congratulations upon the arrival of their fourteenth child. It's another daughter.

Messrs. Frost and Johnson, of the Nelson Ranching Co., spent several days at the ranch this week. They left for Nebraska on Monday.

Mr. Donaldson, the preacher, has been under the weather for several days, missing service Sunday night, but we are glad to say he is again on his feet.

Clement White has returned from Vancouver, where he was called owing to the death of his sister, Mrs. Easton. Sybil Easton, his niece, has returned with him to reside here for a while.

H. C. Morrison has sold threshing outfits to Wright Brothers, Beaver Mines, and to Fortier and Diamond here, and is very busy getting them all set up and started. Threshing will get under way generally next week.

The Livingstone Social Club held a social afternoon on Wednesday, September 17th, in honor of Miss Betty Lynch-Staunton, who is leaving in a few days for Edmonton University. Mrs. Charles Bare lent her house for the occasion. A few visitors were invited, also the school children of North Fork school, who presented their former teacher with a gold pencil and sautoir. Roberta McLachlan made the presentation with a charming little speech, after which the president, Mrs. Charles Bare, gave Miss Lynch-Staunton a gold-handled fountain pen from the members of the club and made an appropriate speech. After each gift the recipient replied very nicely. A delightful tea was then served. The table was tastefully decorated with golden flowers and autumn leaves. Music was furnished by Mrs. Clarkson, of Calgary, Mrs. Mary Wilson (grandmother of Miss Lynch-Staunton) and Miss T. Hoop.

Relief is being handed out today again at U.M.W. of A. headquarters here. It is to be hoped that these doles will be a little more regular in future as some of the families are very hard up. When some of our women folk are compelled to take work picking potatoes at fifteen cents a sack for the Chinaman gardener, it would almost seem that it was time for the men to get to work.—Fannie Price Press.

Sentences of life imprisonment for the murder of 14-year-old Robert Franks and 39 years' imprisonment for kidnapping the boy were meted out to Nathan F. Leopold, junior, and Richard Loeb. The youth of the defendants, 18 and 19 years, was all that saved them from the noose. Another Chicago boy, Bernard Grant, is in prison under sentence of death for a similar crime, but much less horrible in its accompanying circumstances. He fails to see why Leopold and Loeb should get "life" while he is to hang, unless, as his attorney says, "there is one law for the rich and another for the poor."—Beauville Express.

ADDITIONAL LOCALS

Miss Drummond, of Cranbrook, has been the guest of the Misses Passmore for a few days.

Rev. Mr. Pinder, of Hillcrest, will have charge of the evening service at the local Union Church on Sunday next.

Slot machines in every form are to be ousted on October 1st, according to the statement of Attorney-General Brownlee.

Word has been received by Mr. F. Wright that Mrs. Wright had reached her home at Framlingham, Surrey, England, on September the 11th.

Hon. H. A. McKeown, New Brunswick justice, succeeds the late Hon. Frank Carvell as chairman of the Board of Railway Commissioners.

Congratulations are being extended to Mr. and Mrs. R. J. Dinning, in Edmonton, on the birth of a daughter on September 17th. Thanks to Government Control.

The marriage of Mr. Stanley Angelo to Miss Katarina Rivakowska, both of Coleman, was solemnized by the Rev. W. T. Young at the Union Church on Saturday last.

Rev. Thomas Hart, of the Alberta University staff, took charge of the service at the Union Church on Sunday evening and preached a forceful sermon. Mr. Hart is ever popular with Pass audiences.

Miss Eleanor Farmer and Masters Robert Thompson, Roland Pinkey, Wilfred Tutill, Lindsay Carter and George Kafoury are leaving this week for Edmonton, where they will enter Alberta University.

We have been unable to secure exact figures as to the result of the medical survey made here for discovery of tubercular symptoms among school children, but are informed that the percentage is far below the provincial average.

The remains of the late Mrs. Margaret Thomas were laid to rest on Sunday afternoon last in Livingstone cemetery, north of Lundbrink, Rev. W. T. Young, of Blairmore, conducting the burial service. The funeral was very largely attended.

Rev. James A. Ramsey, of Moncton, New Brunswick, has been called to succeed Rev. J. Phillips Jones as pastor of Knox Presbyterian church, Lethbridge. Previous to taking up work at Moncton, Rev. Ramsey held a pastorate at New Glasgow, N. S.

Tiny Thompson, last year's well-known goalie with the Bellevue hockey team, has decided to join the Du-luth team. Donnie Dwar, also of the Bellevue team, has joined a Minto team, while Reg. Mackie will likely sign up with the Calgary Tigers.

For the first time an Alberta lake is to be stocked with adult black bass. Through the efforts of the Northern Alberta Game and Protective League, two hundred adult black bass have been brought in from Ontario, a present from Premier Ferguson, and will be placed in Ministick Lake in the Elk Island Park, east of Edmonton. A special car for the fish was provided by the Canadian National Railway.

Recently the Coleman Hotel was given an exterior coat of stucco and made one of the most attractive buildings in that town. Also the interior of the structure was subjected to considerable renovation and refurbishing, making the hostelry comfortable and inviting to the travelling public and a real home for permanent guests. On the ground floor of the building a room has been very neatly arranged as a beer shop, but up to the present a license has not been secured. The Coleman Cafe, at the corner, has been very tastefully decorated and is without a doubt the finest restaurant in Southern Alberta. A visit to this cafe will please you.

From An Exchange
Heading over an recent Union Bank advertisement: "Do you use this bank?" Answer by the editor: "No; we tried to, but it didn't work."

Mr. G. A. Visee is in Calgary attending the conference of miners and operators.

Master Howard Picard left for Medicine Hat on Saturday night, where he will enter school for a term.

The regular monthly meeting of the Blairmore School Board will be held tomorrow night.

Mr. and Mrs. A. W. Larmour were in town on Tuesday evening, the guests of Mr. and Mrs. L. H. Putnam.

Medicine Hat is very likely to have a new covered-in arena. Upwards of \$11,000 has so far been subscribed towards it.

The new hotel at Coleman, replacing the old Grand Union, is completed and now being furnished and will be operated by Mr. W. Bell.

Police Supt. Bryan, accompanied by Inspector Bavin, of Lethbridge, paid a flying visit to The Pass on Thursday last.

A number of local Oddfellows will journey to Natal tomorrow night to pay a visit in return for that accorded by the Natal brothers a few weeks ago.

At the conference of miners and operators at Calgary today, the Federal Minister of Labor will be represented by Mr. F. E. Harrison, fair wage commissioner.

Governor Smith, of Illinois, has granted a ninety-day reprieve to Bernard Grant, the 29-year-old murderer of an Illinois policeman, who was sentenced to hang on October 17th.

A Newfoundland paper is advertising for a woman to do general housework, must have lots of experience and be prepared to accept the enormous stipend of \$10 a month.

We learn that Dr. H. A. McDonald, who has disposed of the Bellevue and Hillcrest Pharmacies to "Doc" Barbour, will take up residence at the coast and will move his family there in the course of a few weeks.

The President of the British Columbia Rebekah Assembly will pay an official visit to the Michel Rebekah Lodge on the night of October the 10th, on which occasion it is hoped quite a number of Rebekahs from this section of The Pass will be present.

The work of building the permanent road through the Pass is progressing favorably. Road crews have started on the Coleman end and will finish the road as they go east, taking a few miles at a time where traffic for the time being can be diverted.

Mr. Allan Hamilton left by Tuesday night's train for Deroval, a new town about forty miles west of Edmonton, where he takes a position as general manager of a hard-wood mine being opened up by the McGillivray Coal & Coke Co. Mr. Hamilton will return for his family in about two months.

Goitre in schools in New Zealand is very prevalent and the Health Department has ordered hundreds of thousands of iodine tablets for the children attending. The government are considering doctors' proposals to place iodine salt on the market for public use, the alarming prevalence of goitre being, it is claimed, due to deficiency of iodine in salt.

The following successful students of the local high school left on Sunday night's train for Calgary, where they will take a course at the Normal college: Miss M. Wiswell, Miss Sarah McVey, Miss Flora Warner, Miss Benvenuta Fossi and Miss Lydia Brunetto. They were joined by three pupils from Coleman and Miss Kroll from Frank.

The registrar of motor vehicles for Massachusetts will put a stop to the practice of displaying silhouettes of bathing girls and other decorations on windshields and rear windows of motor cars. Similar action should be taken by highway departments generally, as anything that distracts the attention of a driver of a car or interferes with the view of the road is not in the best interests of safety.

THE SAVE THE CHILDREN FUND

The Western Grain Campaign of The Save the Children Fund, in aid of starving women and children refugees driven out of Turkey into Greece, has been set up throughout the three Prairie Provinces, with the co-operation of all the Grain Growers, Wheat Pool and Elevator Companies and Farmers' Organizations, 20,000 posters have been distributed and elevator managers will receive donations of grain and will then issue a graded storage ticket which the donor will endorse to The Save the Children Fund. A recent cable from Dr. Kennedy, the Canadian representative of the fund in Greece, makes a stirring appeal for help as tens of thousands of these suffering war victims are still being evicted from Turkey and are pouring into Greece helpless, poverty-stricken and hungry.

Many contributions of cash are being received by the Honorary Treasurer of the fund, C. W. Rowley, 805 Scott Block, Winnipeg. A number of Women's Institutes, Homemakers' Clubs and Women's Section of Grain Growers' Associations are voting help in this way, while numerous churches and Sunday schools are doing the same. It is a case of "he who gives quickly, gives twice," and those who wish to help in this worthy cause may be assured that their gifts will be quickly and economically administered and that they will thus help to save many human lives.

HIGHER PRICES FOR WHEAT ARE NOW INDICATED

Calgary.—Statistically, the world's wheat crop justifies higher prices. Crops are poorer in all the chief countries and Europe will want a lot of wheat, maize, oats and barley, so that unless farmers rush their grains on to the markets of the consuming countries too rapidly, they will see very fair advances within the next three or four months, wheat possibly reaching \$1.50 or more in Western Canada.

This is the gist of the grain situation in the world at present as gathered by G. H. Walker, of Sidney, N.S.W., a member of the grain firm of Lindsay and Walker, who is returning to Australia after visiting the Wembley exhibition and spending many weeks in practically every grain-growing country between Sweden and the borders of the Balkan states. Mr. Walker was in Calgary, stopping off to see the progress made here since his last visit in 1908.

All of Russia, reports Mr. Walker, has a poorer crop than last year, and the recently published report of the wheat situation by Sir James Wilson, in the London Times, was criticized in London papers by Mr. Walker while he was in London. The estimate of the exportable surplus of wheat in the various countries is too high, according to Mr. Walker, whose estimate after actually investigating the various wheat-growing areas, including many of the wheat-growing states across the line, as well as in Europe, is about 1,600,000 quarters, or 80,000,000 bushels less than that estimated by Sir James Wilson.

Mr. Walker believes that Canada may export the amount indicated, 21,000,000 quarters, or 168,000,000 bushels, if the price is higher, but not otherwise. He is of the opinion that the price level was too low last year compared with the world crop, and that as much will be needed for consumption, with less supply available, India is credited with an exportable surplus of 10,000,000 quarters by Sir James Wilson, while Mr. Walker puts this in half as a generous allowance.

Importing countries, he believes, will want a little more perhaps than they required last year.

World's Wheat Crop Short

Many European Countries Will Have To Import Grain

Ottawa.—The world's wheat crop in the supply of 371,000,000 bushels as compared with last year is estimated in a report received from the International Institute of Agriculture at Rome, Italy.

Great Britain, Scandinavia, Germany, France and Italy will be the chief importers of wheat. Drought and rains have caused great losses in the crops of Europe.

Wholesale Arrests In Moscow
Berlin.—Wholesale arrests are taking place in Moscow. It is estimated that 3,000 persons have been jailed by the Cheka, who fear that reports of uprisings in Georgia and Azerbaijan will react on the capital. M. Zinovief, at Leningrad, also has been arrested.

It is believed that the Cheka in every city is jailing everyone with the Menshevik and social revolutionary.

Report Kindersley Lost
Nome.—Officers of the schooner Bay Chino, carrying the crew of the Lady Kindersley, reported they failed to locate the Lady Kindersley, and they now are on their way to quarantine at Victoria, B.C., on account of some case of smallpox.

100,000 Cattle To England

Montreal.—Figures just prepared show over 100,000 head of live cattle from Canada shipped to England since the cattle embargo was removed. About 40,000 have arrived so far this year and shipments will continue throughout the winter.

Premier Herriot Is Attacked By Communists

Paris.—Premier Herriot of France narrowly escaped injury in Marseilles when 200 communists, swinging canes and sticks and shouting "amnesty," made a determined effort to surround and knock the Premier from the main thoroughfare of the southern city, members of the Premier's party disclosed on his arrival here. Herriot was rescued from an excited crowd only after the police, who arrived belatedly on the scene, had dispersed the gathering.

Approves Construction Of Wireless Stations

Australia Will Have Three, One Communicating With Canada

Sydney.—The Federal Parliament has approved the construction of a beam wireless station in Australia. The Amalgamated Wireless Company, in which the Commonwealth Government has a half interest, will now proceed with the erection of three stations, one communicating with Canada, and two with England in different directions.

The cost of the three stations will not exceed £120,000 (about \$600,000), one-fourth the cost of the high power station previously proposed. These stations guarantee to include a 50 per cent. increased capacity over the high power station. It is expected that the new station will be working in six or eight months.

An Industrial Army

Veterans Advocate Army To Be Composed Of The Unemployed

Winnipeg, Man.—Formation of an industrial army with compulsory enlistment for able single men seeking unemployment relief and optional for married men, for carrying on work such as roadbuilding, clearing brush, was advocated by a resolution by the Army and Navy Veterans' Association members in convention here. It was considered this was the solution to the problem of unemployment of men, or service men. The army would be under the direction of competent officers and unemployed refusing work in it become liable under the Vagrancy Act, it was suggested.

The convention protested against "pioneering immigration," and advocated for bringing from Great Britain only such settlers as actually are required in the various provinces.

Russia Seizes Wrangel Island

Soviet Flag Is Hoisted On Disputed Territory On August 20

Moscow.—The crew of the Russian ship, *Krasnyyoklad* (Red October) hoisted the Soviet flag in Wrangel Island, off Northern Siberia, on August 20, according to an announcement made by the Tass News Agency. They found one American and 11 Eskimos on the island. The vessel will sail for home on September 23.

The Red October, a vessel flying the Russian flag and with Russian infantry aboard, was dispatched from Petrograd, Kachinka Peninsula. It was reported last month, to take the inhabitants into custody, seize the shipping and establish Russian ownership of the island in the name of the Soviet Government.

Alberta Natural Resources

Edmonton.—Alberta's natural resources will be put to good use some time during the coming fall. Premier Greenfield wired Right Hon. W. L. Mackenzie King about it and several conferences now pending, and has received a reply to the effect that it will be impossible to arrange dates until after Mr. King's return from the tour through the west.

Crime Wave In Calgary

Calgary.—The police here have made arrangements to combat one of the most serious crime waves experienced in some time, marked by a large number of burglaries, attempted burglaries and auto thefts. The situation has been made worse by a large number of harvesters and unemployed in the city.

U.S. Retains Polo Trophy

Westbury.—United States retained the International Challenge Cup, representative of polo supremacy, when the American team decisively defeated a British formation 14-5 in the second game of a three-game series. United States scored a 16-5 victory in the first game.

Subsidy For Maritime Coal

Ottawa.—Shipment of maritime coal to Central Canada are to receive Government assistance, providing the railways make reductions in their coal freight rates. One-fifth of one per cent. per ton per mile is the subsidy agreed upon.

Blame Turks For War

Trouble Brewing In Mohammedan World For Soviet Army

Tehran.—The strong revolutionary movement in the Caucasus has proved to be the long hard work of Pan-Turk emissaries from Ankara, among the Ajars, the Mohammedan Georgians in the Batum district, and the large Mohammedan Tatar races of the Caucasus, it is reported here. Assassination of the Caucasus, the majority of population of which is Tatar, is the age-old dream of Turkey and many Christians, who are discontented with the present Russian regime, are helping the movement. Reported interruptions of the telegraph lines in the Caucasus is a sign that disorders continue. Red troops barbarities are not reported yet, but as the movement is extending to the trans-Caucasus, undoubtedly a campaign measure will be taken soon. To prevent the movement extending to Turkestan, where such movements have been pretty frequent since the Soviet regime was established. There are already signs of the existing trouble in the Mohammedan world growing greatly in the coming months.

SUGGEST USE OF BRITISH FLEET TO PRESERVE PEACE

Geneva.—The provisions of a protocol for outlawing war already approved by the French and British representatives at the assembly of the League of Nations was presented by Foreign Minister B. de Broquegion, Czechoslovakia, to the disarmament committee of the League, and delegates of 12 governments gave preliminary approval to several articles. The proposed pact advances the cause of arbitration, is likely to produce a sense of security among the nations, and prepares the way for disarmament.

Article seven of the protocol obligates the signatories to assist any attacked state and to insure the safety of land and sea communication. The British, considering this clause enables the operation of the British fleet any time the League needs to preserve peace, and that Great Britain would go to the extent of contributing naval and expeditionary forces should the situation warrant.

The draft protocol created a profound impression among delegates. Those who have had an opportunity of studying it, even if they do not immediately accept all provisions as they stand, have no hesitation in characterizing the document as a compilation designed perhaps to change world history and direct its course into paths leading to peace.

The sub-committee on disarmament of the assembly adopted a resolution requesting the assembly to consider the advisability of inviting the United States Government to send a representative to collaborate with the League's disarmament committee in framing a draft convention for control of the private manufacture of arms. This draft would serve as a basis later for an international conference.

Unveil Monument To Canadian Dead

Men Who Gave Lives In South African War Honored

Toronto.—A monument erected at Blenheimfont by the Imperial Order of Daughters of the Empire to Canadian dead who died in the South African war, was unveiled by the Earl of Athlone, Governor-General of South Africa, in the presence of General J. B. Hertzog, Premier, and many Canadians now residing in Blenheimfont, according to a cable received here. The monument of grey granite, 30 feet high, was made in Toronto and shipped to South Africa.

The names of ninety Canadian soldiers and engineers in which they gave their lives is inscribed.

Vancouver Enlarges Elevator Space

Vancouver.—The port of Vancouver this season will be equipped to handle 150,000,000 bushels of wheat. Last crop year it took care of 55,000,000 bushels with only one elevator, the Harbor Commissioners building No. 1 with a storage capacity of only 2,000,000 bushels. Since then grain handling and storage facilities have been multiplied. The present storage capacity of 2,000,000 bushels, by January next, will be increased to 5,500,000 bushels.

Flood Victims In Japan

Tokyo.—Floods, following a heavy typhoon, have inundated much of Japan. The death toll may reach 100 and forty thousand houses in Tokyo alone are partially flooded. Three hundred persons are reported missing in one village. Landslides, following the floods, killed several persons in China province.

Seion Of Columbus

THE DUKE OF ALBA

Spanish nobleman, who also holds the Scottish title of Duke of Berwick. He is a direct descendant of James II. of England, and also of Christopher Columbus, discoverer of America. The Duke has recently made a tour through Canada.

Coal Famine Threatens

Mine Workers of Alberta Appeal For Funds to Carry on Strike

Winnipeg.—An appeal from the United Mine Workers' of America, District 18, Alberta, for loans to carry on the fight against wage reduction, was read at the meeting of the Winnipeg Trades and Labor Council here. A committee was appointed to raise funds for the striking miners.

Meanwhile, the Board of Trade has not yet been able to secure any satisfactory factory information from Calgary, Edmonton or Lethbridge, as to when the supplies of coal from the soft mines of Alberta will flow towards Winnipeg. Residents of the city who have interests in western mines say that the only hope of the mines starting up again is to have adequate protection for the men who are willing to go into the mines to work for the wage offered by the operators. Hundreds are willing to work, but are afraid to go in.

In the meantime many cars of soft coal are coming in from the United States, and the United States mine operators of this class of coal, who have been practically shut out of Western Canada for the past two years, are evidently again to be the main source of supply for the west this winter.

Aerial Warfare

Transportation of Armies Overseas to End in "Next War"

Philadelphia.—New developments in aerial warfare that will render methods of strategy obsolete were described by Government experts before a gathering of scientists here in honor of the centenary of the Franklin Institute.

The end of transportation of great armies overseas, bombing of cities by unmanned automatically operated airplanes, a new aerial camera that nullifies camouflage, wiping out of a battleship with a single air bomb, and possible paralyzing of an entire nation by a combination of new chemical discoveries, were among the new weapons of war discussed.

Livestock For Orient

Japan Buys High-Grade Cattle From Alberta Farms

Vancouver.—When the Canadian Government Merchant Marine steamer, Canadian Splendor, sails from this port for the Orient on September 27, she will have on board sixty head of high-grade cattle from farms in Alberta. Recently, officials of the Japanese Government toured Japan inspecting the cattle men of the island in pure-bred stock. The result of the visit is that regular shipments of cattle will be made from Alberta to Japan about every six weeks or two months until next summer.

Abolish Convict Settlement

Paris.—France's convict settlement in French Guiana is to be abolished says the Petit Parisien, largely in consequence of that newspaper's exposure last year of the alleged moral and physical brutalities "of another age" practised there. The newspaper asserts that the prisoners will be brought from "tropical misery" to a central penitentiary in France which is yet to be established.

War In China Spreads

Shanghai.—Renewed evidences of the spread of China's sectional civil war to the Manchurian-Chihli front were contained in Peking reports telling of the battle at Chao Yang, where the forces of General Chang Tsi-li, Manchurian war lord, are said to have clashed with those of General Wu Pei-fu, the military head of the Peking Government.

Says Education A Panacea For All National Ills

Toronto.—"The golden rule is still the supreme law of mankind," said Hon. Ernest Lapointe, Minister of Justice, addressing a gathering here. Mr. Lapointe expressed his unshaken faith in Canada and its future. "Education," he said, "was a panacea for all national ills. 'If we cannot bear the burdens which democracy imposes, we cannot call ourselves democrats.' He went on: 'The secret desire to let other people do things for us is deception.' Nobody has right to say, 'It is not our business.' The community's business is our business and we can always help in some way. All social problems can be solved through the school," said Mr. Lapointe.

Heads Railway Board

Chief Justice McKeown Appointed Chairman of Board of Railway Commissioners

Ottawa.—Chief Justice H. A. McKeown, of the Supreme Court of New Brunswick, has been appointed chairman of the Board of Railway Commissioners of Canada, succeeding the late Hon. Frank B. Carvell, who was also a New Brunswick.

Judge McKeown came into prominence recently by his serving as a Royal Commissioner investigating the collapse of the Home Bank of Canada at the behest of the Dominion Government.

The new chief of the Railway Commission was born at St. Stephen, N.B., on November 28, 1863. He is a graduate of Mt. Allison University and also of Victoria University, Toronto. He practised law in St. John for a number of years and also served as a member of the New Brunswick Government as Attorney-General. In religion, he is, like the late Mr. Carvell, a Methodist.

REBELLION HAS NOW SPREAD TO EASTERN RUSSIA

Berlin.—The revolutionary wave spreading from the Caucasus into Eastern Russia has reached the Crimea, according to Constantinople reports received here. Renewed disturbances in Odessa, Sebastopol and other points in the Crimea are reported. The food shortage, coupled with the grain export from Odessa, is infuriating the people. The population of Sebastopol demanded rations, which the Government refused. Mobs thereupon stormed the co-operative societies and reserve storerooms. Soldiers repulsed the rioters and are now garrisoning the town. About 5,000,000 bushels of wheat were exported in July and August.

Constantinople.—The revolutionists are dynamiting the oil wells of Baku, including some concessions belonging to the international Barmadell Corporation just abandoned. The Turkish Government has issued an extraordinary order forbidding anyone to proceed across Araxes or the frontier zone without official permission on account of Turkish military movements in connection with the revolution.

At the towns of Kutais the revolutionists have established a provisional government of Georgia and have abolished the Soviet decrees establishing low fixed prices at which the peasants must deliver all their grain to the government and are forbidden to import foreign manufactured goods. All restrictions on private trade have been removed.

Success of the revolution, however, is extremely doubtful. The two rich provinces, particularly the Baku oil fields, are so essential to the life of Russia that Moscow is exerting the utmost strength to crush the revolution. The Caucasians cannot expect help elsewhere.

Wireless Men Not In Danger

View Held That Operators At Herschel Island Are Well Supplied With Provisions

Edmonton.—There is no danger whatever of anything serious happening to Lieut. Young and his crew of three wireless men now at Herschel Island, stated Superintendent Ritchie, of the Edmonton division of the Royal Canadian Mounted Police, when asked as to whether it would be necessary for these men to supplement their food stocks by hunting because the supplies intended for them were about to be exhausted. Lieut. Young's company's steamer, "Lady Kindersley," abandoned in the ice off Point Barrow.

The R.C.M.P. station at Herschel is supplied with provisions that will last until open water next year and the addition of four extra men will suppose no particular drain on their resources.

REVOLT CAUSES BREAKDOWN OF CHEKIANG ARMY

Shanghai.—The collapse of the Chekiang forces defending Shanghai from the Chinese warlords of Fuchien Chi Shieh Yuan is believed imminent. Lieut. Yang Hsien, commander-in-chief of the Chekiang armies, has been forced to flee from the provincial capital of Hangchow by a revolt of his home defense force, the Chekiang third army, and has issued a statement indicating his willingness to retire as Tsuchin of Chekiang.

No danger to the foreign settlement here is expected, but in anticipation of breaking down of the Chekiang defense of the city, with resultant influx of refugees, every foreign defense unit is being mobilized, while especially heavy guards have been placed at all approaches.

The secretary to Ho Feng Ling, military governor of Shanghai, and appointee of general Lu, has finally admitted, after rumors consistently unfavorable to the Shiekang cause had been given credence, that through treachery and bribery a revolt had been secretly planned with the practically amounting to a declaration of independence.

Are Making Good Settlers

Hebrews In Canada Are Satisfied With Conditions

Calgary, Alta.—Satisfaction at the way in which their countrymen from the Hebrews are settling down to work in Alberta was expressed by a number of Scotch immigrants who were brought to Alberta by Father Macdonnell and taken on a tour by the Land Settlement Branch, S.S.B. Father Macdonnell has been instrumental in bringing to Canada parties of Scotch and Irish settlers for the past two years.

When talking to Land Settlement Branch officials after their trip through parts of Alberta, the Scotch representatives said they were surprised and delighted with the way in which their people had adapted themselves to the country.

Pow of the old country immigrants have yet got farms of their own, but they are working with experienced farmers to learn the system of agriculture.

Appointed Chief Justice

Hon. Francis Alexander Anglin of the Supreme Court Receives Appointment

Ottawa.—The appointment of Hon. Francis Alexander Anglin, pulsano judge of the Supreme Court of Canada, to the position of Chief Justice of Canada is announced. Chief Justice Anglin succeeds the late Hon. Sir Louis Dugas. At the same time it was announced that Edwin L. Newcombe, Deputy Minister of Justice, and Thibodeau, Minister of the Superior Court of Montreal had been appointed judges of the Supreme Court of Canada, and that Judge Malouin, appointed about a year ago had retired.

Chief Justice Anglin was born in St. John, N.B., in 1855, a son of Hon. T. W. Anglin, former Speaker of the House of Commons. He was called to the bar in 1888, created King's Counsel in 1902 and was appointed pulsano judge of the High Court of Ontario in 1901. His appointment to the Supreme Court of Canada was made in 1909.

To Fleet New Loan

Ottawa.—The Minister of Finance plans to float immediately a loan of \$50,000,000 in New York to cover the short term indebtedness of the Government. The issue precedes a long term loan to be floated in Canada for \$107,000,000 to reduce issues of Victory bonds now falling due for repayment this year.

Bar On Games of Chance

Port Arthur, Ont.—Acting on instructions from the Attorney-General, the Provincial Police are taking steps to close down all games of chance. The affected houses have two church organizations which had sent automobiles into the street with banners advertising them for raffle. The banners were removed by the police.

Alberta Lawyers Displeased

Calgary.—Five Alberta lawyers were disbarred as a result of the meeting of the benchers of the Law Society held in Edmonton. At least five others have been reported and their cases are under consideration.

Purchase Western Horses

Winnipeg, Man.—One thousand Western Canadian range horses have been bought by representatives of the Soviet Government, and will be shipped to the Ukraine. Most of them were purchased in Alberta.

Local and General Items

Neil McCallum, city engineer of Fernie, has resigned his position.

Mr. L. H. Putnam is able to be about after a couple of weeks of illness.

Mr. and Mrs. D. May have returned from an extended visit to B. C. coast points.

Several towns in the province are already organising for the coming curling season.

ROOMS TO RENT in private house with modern conveniences. Apply to The Enterprise.

A man has offered to do scavenging work for the town of Drumheller for a salary of \$2500 a year.

A local dentist delved into Councilor McDonald's molar region on Monday afternoon and extracted several large pinpoints. After a few days' rest operations will be resumed.

The Ladies' Aid of the Central Union Church will resume their monthly meetings Wednesday, October 1st, at 2:30 p.m. in the church. All ladies of the church are invited to be present. This is the first monthly meeting to be held after the summer vacation.

Charles Montalbetti, of Frank, section foreman for the C. P. R., underwent an operation at the local hospital a few days ago for appendicitis. His condition has been somewhat critical, but at time of going to press we learn that there are signs of improvement.

Alma May, beloved wife of Mr. R. H. Hilliard, died at Calgary on September 19th, after but a brief illness. Mrs. Hilliard was a daughter of Mrs. Genge and the late Colin Genge, M.P., of Macleod. She is survived by a husband and three little daughters.

An auto driven by Leonard Reid, son of the late Sir William Reid, ran amuck while travelling on Topsail Road, St. John's, Newfoundland, instantly killing six persons, two of whom were British naval officers. Reid is being held to answer the charge of murder.

Mr. M. L. Herr, of the International Bible Students Association, addressed a meeting in the Masonic Hall on Sunday evening, on the subject: "World's troubles soon to end. Why? How? Millions now living will never die." Mr. Herr is a fluent speaker and was listened to with interest.

A quiet wedding took place at Albion, New York, on September 23rd, when Mr. Arthur B. Steeves, local district drummer for the Swift Canadian Company, and Miss Mary Dragon, both of Fernie, were united in marriage. The young couple will return to Fernie next week, where they will reside.

Mr. Anderson, who for some time has been in charge of F. M. Thompson Co's west end store, has severed his connection with the firm and left this week with his family for Calgary, where they will in future reside. While residing here, Mr. Anderson was a faithful worker with the Anglican Church.

The beautiful new school in east Bellevue has been opened. This building was erected by Messrs. Scanlon, of Medicine Hat, and is one of the finest four-room school structures in the province. Three rooms are occupied at present and it is expected that the fourth will be in operation before the end of the year.

Rev. Mr. Neal, who for the past year and a half has been in charge of the Anglican missionary work at Coleman and Blairmore, left on Sunday night last for Winnipeg and will likely be absent several months. Since taking up work in the Pass, Mr. Neal has been most successful in the reorganisation of the Anglican congregations.

A dance will be held in the Union hall at Hillcrest tomorrow night.

Most of the children who ride for half fare are strangely large for their age.

It is hardly fair to expect that bright goods can be sold by dull advertising.

R. H. Gandier succeeds J. C. Cooper as principal of the Claresholm School of Agriculture.

There may be a wrong way of doing right, but there isn't any right way of doing wrong.

Miss Basie Smith returned to Lethbridge on Tuesday, after spending a few days here with the Misses Knapman.

Mr. and Mrs. "Sandy" Watson were down from Fernie on Sunday last, accompanied by some Cranbrook friends.

Mr. and Mrs. W. H. Chappell returned by motor Saturday evening from Banff, via Cranbrook. We learn that Mrs. Chappell's condition has much improved.

We have to thank Mr. Charles Bifore for a large box of Creston-grown ripe tomatoes. Mr. Bifore is finding a ready market in this district for Creston fruits and vegetables.

Rev. H. A. Moore, M. A., of St. Johns, Quebec, has been appointed president of King's Anglican College. Mr. Moore is one of the best known journalists in Eastern Canada and a prominent executive member of the Canadian Weekly Newspapers Association.

Messrs. Smith Brothers, Charley Stewart and W. J. Bartlett returned Thursday last from an unsuccessful big game hunt. The party spent ten days in the region between Goat Creek and North Kootenay Pass, and report-game scarce, due probably to the fine weather.

The Duchess of Athol, M.P. for Kinross and Western Perth in the British house, and Mrs. Philip Snowden, wife of the chancellor of the exchequer in the British cabinet, have accepted invitations to visit Canada this fall under the auspices of the National Council of Education.

Mrs. J. F. Lank, who has been visiting at the Lank ranch north of Lundbreck for a few weeks, spent last week in town, the guest of Mr. and Mrs. W. Oliver at the Crystal Dairy. Mrs. Lank leaves shortly for her home in Nova Scotia, taking with her the orphaned children of Mr. Harland Lank.

Canada has one mile of railway to every 220 people, a larger mileage in proportion to population than any other country, with a total mileage of nearly 40,000. The government owns or controls a mileage of 22,663—the Canadian National—making it the largest public-owned system in the world.

One sort of reciprocity we would be very glad to bring about would be an exchange of Scottish rain for Alberta sunshine. If the one country could have some of the rain the other gets it would be a happy exchange. At present the only kind of liquid that comes from Scotland to Canada is in bottled form, and while it does not raise crops, it sometimes raises — Strathmore Standard.

In Loving Memory

of My Dear Husband, Peter Pistor, who died September 22nd, 1923.
"One year has passed Since he left me in sorrow, And sad was the shock I received on that day. But some day may I hope To meet my dear husband In the home of our Savior Who called him away."
Inserted by his wife, Mrs. M. P. Pistor

Rev. D. K. Allan, of the Coleman Institutional Church, was the preacher at Bellevue Methodist Church on Sunday evening last.

Mr. and Mrs. L. P. Robert have taken up residence in the cottage formerly known as the Menard Mansion and until recently occupied by the teachers.

Dr. and Mrs. A. H. Baker left here for Lethbridge on Sunday night, where the doctor is conducting examination of school pupils for tubercular symptoms.

WANTED—A woman to help with housework during day and to take care of four children. Good wages to right person. Apply L. Tustian, 50 Cement Street, Blairmore.

A dance will be given in the Burmis school house on the night of Friday, October 3rd, under the auspices of the Burmis mine boys, who guarantee all comers a good time.

The annual Harvest Thanksgiving service will be held in the Hillcrest church on Sunday evening next. Special music is being arranged. The preacher will be the Rev. J. W. Oliver, of Bellevue.

Jack Maddison returned to Hillcrest from the North Kootenay Pass country on Thursday last. Jack was successful in landing a mountain goat. He was guided by Jack Morden, of Carbondale River.

Mr. William Moore, M.A., of Glasgow University has been engaged as principal of the Coleman public school. Mr. Moore has specialized in English and history and comes with the highest of testimonials as to his worth as a teacher, having had a wide experience in some of the important schools in Scotland. This is Mr. Moore's first appointment in Canada.

"Yes," said the old man to his visitor, "I am proud of my girls; and would like to see them comfortably married, and as I have made a little money, they will not go penniless to their husbands. There is Mary, twenty-five years old, and a really good girl. I shall give her one thousand dollars when she marries. Then comes Bet, who won't be thirty-five again. I shall give her three thousand dollars. And the man who takes Eliza, who is forty, will have five thousand dollars with her."

The young man reflected a moment and then asked, "You haven't one about fifty, have you?"

W. M. Bush - East End

T. Longworth, inspector under the Liquor Control Act of Alberta, was in The Pass on his regular tour of inspection last week end.

Mayor McLeod has had his residence on Fifth Avenue treated to a coat of stucco and trimmed with new paint, giving it a very attractive appearance.

Fincher Creek Echo: "Should it be necessary, the Christie coal mine will be in operation day and night. Additional men will be employed to meet the demand."

James Carruthers, for many years a leading influence in the grain-trade of Canada, the United States and Europe, died suddenly at Winnipeg on September 19th.

A large crowd of friends assembled at the depot on Sunday last to tender their fond farewell and best wishes for the success of a number of Blairmore girls who are off to take a normal training at Calgary.

Mr. Lance Morgan returned early in the week from a successful week hunting duck and Hungarian partridge. Mr. Morgan succeeded in purchasing a beautiful setter dog, which was used successfully by H. R. H. the Prince of Wales last year. The dog is well blooded and trained.

Glorious Hair-

In 90 Days or Money Back

Women who wish to stimulate the growth of their hair should use Van Eas Liquid Scalp Massage. A glorious head of strong vigorous hair surely follows its consistent use, and consistent use is easy because Van Eas comes fitted with a patent rubber applicator that feeds the medicament directly to the roots of the hair, eliminating massage with the fingers. And the flexible applicator of the applicator brings a healthy circulation of blood to feed the hair roots. Your Van Eas on 90-day treatment plan. Money back if it fails.
